MR. DISCIPLINE

How JumpStart works

JumpStart is 14 short guided video sessions, one a day, designed to support your mood through movement. There's no pressure to be perfect — the goal is simply showing up for the session in front of you.

BEFORE EACH SESSION:

- ☐ Rate your mood 1–5 in the tracker on the next page
- ☐ Do the session — it's short on purpose
- ☐ Rate your mood again right after

JumpStart is designed to support your mood through movement. It is not a substitute for professional care. If you are in crisis, contact 988 (US) or your local emergency number.

Staying consistent

Missed a day? Don't restart, don't double up — just do today's session. The streak isn't the point. Showing up again is.

After day 14, keep the same rule that got you here: one session, one day at a time. Discipline is a decision, not a mood.
